**NEW STEWARDESS** — Colorful wing-pinning ceremonies conclude the 5½ week training course of United Air Lines stewardesses. Here Miss Lauri A. Olson receives her wings from her instructor.

A Grayling girl has become a United Air Lines stewardess and is serving aboard aircraft flying from Chicago.

Miss Lauri Anne Olson, daughter of Mrs. Anne Olson and Nels Olson was graduated from United's stewardess school near Chicago's O'Hare International Airport after successfully completing a 5½ week training course.

Lauri, 20, is a graduate of Grayling High School. She had attended Michigan State University.

Lauri has joined a profession pioneered by United in 1930 with a staff of eight girls. The nation's largest airline plans to train 2,000 girls in 1967, boosting its stewardess corps from 3,200 to 3,800. The increase is designed to compensate for the annual 23 per cent loss caused primarily by marriage.

Lauri's training covered several study areas to prepare her for duty aboard United's DC-8, Boeing 720 and 727 and Caravelle jet planes plus piston-engine aircraft.

Major courses involved flight duties such as meal service, ticketing and plane interiors; appearance counseling taught by trained instructors; United's 18,000-mile route system serving the continental United States and Hawaii; the theory of flight; and emergency training. Observation trips on regularly scheduled flights also were included.

The purpose of the exchange program is to foster good will between America and other nations. It also gives our young citizens an opportunity to study the customs and traditions of other lands and it also gives other lands the opportunity to see Democracy and our youth in action.

The program is sponsored by "Youth for Understanding" and is an international program. The cost to send one student to another land is \$750.00. During the past year, various service clubs, churches and individuals have sponsored our Grayling representative.

This year, only one student will represent Grayling although eight made application. Each applicant showed remarkable poise and ability to represent Grayling, however, due to lack of funds it is impossible for all to go. The exchange committee carefully screened the applicants and decided that Carljaean would be our representative.

It is our hope that in the future more young people from Grayling can be involved in this program. Only the community can make this possible. If you wish to make a donation please make your check payable to The Exchange Program in care of Robert Bovee.

If you have any additional questions about the program, please feel free to contact any committee member. They are Mrs. J. Stripe, Mrs. Don Smock, Mrs. Wm. Joseph, Mrs. Ray Elsey, Mrs. Leonard Knibbs, Robert Bovee or Pastor Donald Beyer.

The girls scoring were: Jean Wyman 4th and 1st; Jane Buron 3rd and 2nd; Dorothy Latuszek 6th and 5th; Billie Bovee 12th and 11th and Penny Latuszek 10th and 10th.

The awards banquet for the Grayling Ski Team was held at the multipurpose room at the Grayling Elementary School at 6:30 Tuesday night. Following a potluck dinner GHS ski coach Mike Weiland made the awards to the team members.

## College Gets First Grant

Kirtland Community College has been awarded the first State grant of funds for the creation of the college. The sum of \$21,600, was recently received by the treasurer, to be devoted to the development of a campus master plan and an instructional facility. The grant was authorized under Act 284 of Public Acts of 1966. Under this act funds were released to community and junior colleges throughout the State for capital outlay in construction of buildings and college facilities. A total of \$314,500 was distributed to all of the community colleges and junior colleges. Allotment of funds of the various institutions in any one fiscal year is determined by approved projects and the progressive state of developments at the various colleges. Under statute, colleges may receive aid from both State and Federal sources. State Aid for capital outlay may equal 50% of total construction costs and Federal Aid may equal 25% of the total, but if Federal Aid is granted the State contribution is reduced in the amount of 50% of Federal Aid. Statute does not require that these government grants equal the amounts specified; economic conditions affect total amounts of grants, but if tax collections permit, these proportions of total cost may be allotted to any one institution.

Before actual construction of the college can begin two detailed studies must be completed. The first of these is referred to as "educational specifications" and consists of a complete analysis of facilities that (See College Grant, Page 8)

## Finals Saturday Night

# Class D Regional Underway

Four northern Michigan Class D teams will fight it out this week in the Grayling High School gym in regional play for the chance to move forward to the Quarterfinals in the Michigan High School Athletic Association's basketball playoffs.

Drawings for positions were held last Sunday afternoon in the Alumni Room of the Grayling gym building at 3:00 p. m. Following the drawings, the Gaylord St. Mary's Snowbirds coached by former GHS cage star David Lowe are to tangle with the highly touted Posen Vikings on Wednesday night. The Thursday night game will pit the

Manelona Ironmen of the NMCC Conference against the Northport Wildcats.

The winners of these two games will meet on Saturday night for the Regional Championship and the right to advance towards a possible State Title. All games will start at 8:00 p. m. sharp, and admission set by the MHAA is \$1.00 for adults and 50c for students.

Manager for the Regional tourney is Grayling Viking cage coach Tom St. Germain. In charge of tickets is Fraser Dean, with Robert Bovee as official scorer assisted by Clarence Robert. GHS football coach Mike Weiland.

## Vikings Lose In District Opener

The Grayling Vikings were eliminated from the Michigan High School Athletic Association's state basketball tournament in their first district game last Thursday night at the Gerrish-Higgins High School gym at Roscommon by the Harrison Hornets by the slim count of 61 to 57.

Grayling, as they had in the last two games of the season got off to a slow and shaky start trailing the Hornets 19 to 12 at the end of the first frame of play. A strong 22 to 15 second quarter of play brought the Vikings up to a 34 all tie with Harrison at halftime.

The green and white clad Vikings brought their fans to their feet with a 14 to 13 third canto to move out to a 48 to 47 lead as the final period of play opened. A definite cold spell in Grayling's field goal shooting combined with poor foul shooting in the final frame spelled defeat for Grayling as Harrison outscored them 14 to 9.

Pat Thompson with 14, LeRoy Neal with 12 and Dave Nethers with 11 and Dale Slusser with 10 were all in double figures for Grayling. Harrison was paced by Stanfield with 26 and Fuhrman with 20.

Roscommon won its way into the final by dumping their cross county rivals, the Houghton Lake Bob Cats 66 to 63 on Wednesday night in the first game of the districts.

Then on Saturday night, the Harrison Hornets tripped their conference partners, the Roscommon Bucks 56 to 50 to wrap up the District championship crown.

## GHS HOSTS AREA GOVERNMENT DAY

Government Day, consisting of five area schools took place on February 24 at the Grayling High School.

The day began with two speeches, by Bob Jackson and a Roscommon student, on the reason for having a Government Day.

Next the panels of experts were introduced and a general question and answer period followed.

In the afternoon, students grouped together in ten different rooms. Each room had students from each school and a panel of experts on one topic. The topics involved were Elections, Selective Service, Juvenile Problems, Conservation, Pollution, Health and Welfare, Legislation, Tax Reform, Law Enforcement, Education, and Area Development.

In these rooms further interrogation and answering took place. This was followed by another general assembly and summaries of the meetings.

Mr. D. Hale Brake, Director, Educational Division, Michigan Association of Supervisors, delivered the closing remarks.

Most students felt the program was quite informative.

## Prejudicial Charge . . .

A strange, and to many, a disturbing as well as unprecedented development is taking place in the Viet Nam conflict. It began with a visit to Hanoi by a New York Times correspondent who reported that American bombs have leveled North Vietnamese villages and killed numbers of civilians. His report has appeared widely in Western nations, where freedom of the press offers a forum for views on all sides—a situation that does not exist in communist nations, where the press is merely a spokesman for the party in power.

Hanoi, it appears, has now concluded that it is good strategy to utilize our freedom of the press to gain world sympathy. It has opened the door to journalists and photographers. Evidently the communists hope to stall American air power with words, pictures and propaganda, all aimed at building up the belief that the U. S. Air Force is committed to indiscriminate bombing. It is said that very likely Hanoi will soon also let an American news team take pictures for American television audiences of what the bombing looks like from the victim's side. There is little doubt that this new strategy of the communists will not only add to the difficulties of American forces but will also divert attention from the errorism and destruction visited on South Viet Nam by the communists.

A late issue of U. S. News and World Report gives a few of the basic facts: While civilian deaths in the North have run to a few hundred, the number of civilians killed by specific Red attacks in the South since 1957 runs to 11,000 actually counted—and many thousands more uncounted. The communists used bombs, bullets, mines, grenades and shells, and their killing of civilians is deliberate, not accidental. In the words of U. S. News: "During this past year, government officials report, nearly 400 civilian officials were singled out by the Viet Cong and assassinated. About 1,300 other civilians were killed apparently for no particular reason. Some 3,700 civilians were kidnaped during the year. Few of the kidnaped ever return." In addition, the Viet Cong themselves report that in the four years from January, 1961, to January, 1965, they destroyed more than 7,000 villages.

As to the charge of indiscriminate bombing which to date the communists claim has killed 89 civilians in the vicinity of Hanoi, a spokesman for the Defense Department observed, "We have no possible way of ascertaining whether the figure of 89 is an accurate one . . . . But those who do accept the figure as legitimate must acknowledge the care taken by the United States to avoid damage to civilian areas if no more than 89 persons have been killed during more than 50 raids against military targets in and around a city of 90,000 persons. And Secretary of State Dean Rusk comments, "We recognize that people living or working in close proximity to military targets may have suffered . . . . There is a vast difference between such unintentional events and a deliberate policy of attacking civilian centers . . . . Tens of thousands of civilians have been killed, wounded or kidnaped in South Viet Nam, not by ac-

cident but as the result of a deliberate policy of terrorism and intimidation."

American military authorities state that no U. S. aircraft have been ordered to strike any civilian targets in North Viet Nam at any time. American authorities also point out that the U. S. military has carefully avoided attacking the vital irrigation systems of that country, the destruction of which would endanger civilian lives and cripple the region's agricultural production. American forces have in effect fought with their hands tied behind them. In 1966 alone, more than 35,000 American soldiers were killed or wounded by communists in Viet Nam. Many U. S. fighting men have paid with their lives for U. S. restraint in the North. And again in the words of U. S. News, they " . . . feel strongly that they are taking a 'bum rap' from outsiders—from people eager to find fault with the U. S. at every chance."

There may be differing views on Viet Nam, but it is a safe bet that Hanoi's charge of indiscriminate bombing will receive little credence among fair-minded U. S. citizens.

In fact, from the front window of the Avalanche we couldn't see the tops of the doors at the Dawson store. The storm subsided Tuesday noon and townspeople got out and shoveled. Public and private trucks took part in the hauling, and after store closing time the proprietors, clerks and others got out and helped fill them.

Little Karen Marie Hanson was one year old on Tuesday, March 7th, so her mother, Mrs. Rongow Hanson, entertained with a family party. Mr. and Mrs. Owen Reid of Twining, Mrs. Jess Green and grandson David Dougherty of Roscommon were out of town guests. Karen was made quite happy with the many gifts she received.

Mr. and Mrs. Sigwald Hanson returned from Mt. Pleasant Sunday after spending a week at their home there. Their son, John, left the last of the week for New York to receive training at Columbia University.

Pfc. Donald P. Feldhauser of the U. S. Marine Corps arrived home Wednesday to visit his parents, Mr. and Mrs. A. P. Feldhauser. Donald

is on a 30-day furlough. He expects to be stationed at a camp in North Carolina at the expiration of his furlough.

Mr. Lawrence E. Sullivan of Detroit, an employee of the Wolverine Tube Co., and Miss Mary Ann Carpak of Detroit, an employee of the Bell Telephone Co., were united in marriage Sunday, March 5, at the Highland Park Methodist Church. Lawrence was born in Grayling, he attended school here until he moved to Detroit. The double ring ceremony was used, the wedding being attended by relatives and friends.

The Presidential anniversary on March 4th was eclipsed in the neighborhood of Mrs. Elizabeth Foley by her own 76th birthday, when a dozen friends residing nearby honored her with a surprise tea. Mrs. Jappe Smith was hostess and the guests enjoyed ice cream and delicious angel food cake. Mrs. Foley's birthdays date from the time when the village of Grayling and its environs bore slight remembrance to their present state, and her recollections would fill a most interesting volume. The assembled friends presented Mrs. Foley with several pretty and useful gifts and affectionately wished her many more.

Mrs. Herbert W. Wolff, who started out to inaugurate a novel but necessary service for officers and enlisted men at the Fifth Ave. Presbyterian Church, now finds herself with more than 70 Sunday dinner guests each week and a heavy correspondence with their wives and sweethearts.

**A woman gets a new Gas range and you start eating like never before.**

A new Gas range is inspirational. Makes a woman want to cook things extra special, for no special reason at all. Maybe it's because a new Gas range makes good cooking so very easy. And so much more fun. No other range gives such a wide variety of heat settings. No other range has the automatic burner with the brain. Even the oven has a mind of its own. And you can broil a steak with the broiler door closed. The flame consumes the smoke. All are unique advantages found only in the new Gas ranges. See them at dealer or Gas company showrooms. Wide selection of styles. Many special values right now...Nothing down. Easy terms. Is it any wonder smart women cook with Gas?

## GOTHRO-CARLSON VOWS SPOKEN

Miss Karen Gothro, daughter of Mr. and Mrs. Don Gothro of Grayling, became the bride of Ted R. Carlson, son of Mr. and Mrs. Russell Carlson of Boyne City, in a double-ring ceremony at 4:30 p.m. on Saturday, March 4, 1967 at the Michelson Memorial Methodist Church. The Reverend Charles Kolb performed the ceremony before members of the families and a few close friends of the bride and groom. Traditional wedding music was played by Mrs. Abnerie Bulthuis. With bridesmaids, white gl...

formed the setting for the marriage. Miss Karen approached the altar on the arm of her father. She chose a white wool suit and carried a bouquet of carnations and pink roses. She was attended by her sister, Miss Linda Gothro, who wore a suit of apple green and carried pink roses. Attending the bridegroom was Larry Gust as best man. Mrs. Gothro chose a turquoise suit for her daughter's wedding, and Mrs. Carlson wore an aqua dress with matching accessories. A buffet supper was served in the church parlors following the ceremony. Pink candles and ivy graced the tables at which the meal was set.

Mr. and Mrs. Carlson left for a week's honeymoon in the upper peninsula, following the reception. Mrs. Carlson will remain at her home upon their return, as she is teaching in the Frederic School and her husband will be serving overseas. Ted, a graduate of Howell High, has attended Central Michigan University, and has had military training at Fort Knox, Ky. and Fort Leonard Wood, Missouri. Mrs. Carlson attended Grayling High School and Central Michigan U., graduating cum laude at Central Michigan U. Most Pleasant last June.

Attending the wedding from out of town were Mr. and Mrs. Edward Martin and Mr. and Mrs. Kenneth Gothro of Lansing, Mr. and Mrs. Walter Mattson of Newberry, Mr. and Mrs. Dennis Warren of Midland, Mr. Dave Ochander of Detroit, Miss Kathy Larry of Ithaca and Mr. and Mrs. Russell Weusink of Lansing.

**PEDERSON-WINSTON WED FEBRUARY 25th**  
The wedding of Miss Gloria Jean Pederson and Ernest Wayne Winston took place in the parsonage of the Michelson Memorial Methodist Church at 7:30 p. m. on Saturday, February 25, 1967, with the Reverend Charles Kolb officiating. Gloria is the daughter of Mrs. Ruth Steinbrink of Grayling and Mr. Allen Pederson of Grand Marais, Minnesota. Wayne is the son of Mrs. Bernice Winston and the late Ernest Winston of Grayling.

The bride chose a floor-length green, chiffon over satin gown, a crown of seed pearls securing her mint green veil. She carried white carnations. She was attended by her sister, Miss Susan Pederson of Grand Marais, Minnesota, who was attired in green crepe with a corsage of white carnations. Gerald Korhonen of Grayling served as best man.

For her daughter's wedding Mrs. Steinbrink wore a two-piece aqua suit. Mrs. Winston chose a navy blue suit with white accessories.

## BITS O' TALK

The Fentons have heard from their son Bob who is serving at An Khe, Viet Nam that he has been promoted to Pfc. The Legion Lanes Travel League team comprised of Glenn Sawyer, Paul Juntilla, Phil Woods, Earl Griffith and Lyle Billings won the North Central Michigan Travel League Championship Sunday afternoon. The league consists of top teams from Roscommon, Mio, Prudenville, Harrison and West Branch.

Grayling, bowling against the strong Prudenville team in the final three games of the league and needing all three games to bring home the championship, bowled like true champions sweeping the first two games from Prudenville and coming in with a new single game alley record for the Hi-Score Lanes of West Branch with a big 1029 game to Prudenville's 840 to clinch the championship.

Roscommon's entry finished second with Prudenville filling out the first three places.

Grayling was led in their victory by Glenn Sawyer with a big 257 game, high for the league and a 583 and 611 series.

## Political Prognostications Some Times Can Be Quite Accurate

Political predictions are often as deceiving and uncertain as weather forecasts, but occasionally even long-range projections written by journalists in the political field can be favorably reviewed.

One such example is a prediction made over a year ago when Gov. George Romney appointed Robert J. McIntosh, a former Congressman from Port Huron, to head the strategic State Department of Commerce.

Long-time Capitol observers noted this post, newly created through the reorganization of state government, was one which would allow McIntosh to do quite a bit of traveling on behalf of Romney personally as well as on official business.

Politically astute McIntosh could get the new department in good administrative shape by the time of the 1966 election, the pundits said, and then he would be free to resign, turning the department over to a trained assistant and directing his efforts at the Governor's 1968 potential.

Having come back into state government as a trouble-shooter for Romney, McIntosh had quickly become one of the few really close confidantes of the Governor.

With these observations and predictions set down in October, 1965, when McIntosh was appointed to Commerce, it came as little surprise this year when McIntosh resigned from the department less than a month after Romney's sweep at the polls.

Romney remained coy about McIntosh, but the former Congressman openly admitted he intended to direct his future efforts at boosting the Governor as a potential Republican Presidential nominee in 1968.

Coyness on Romney's part came as no surprise. In each of his previous political steps, he has waited for what he considered the right moment to announce his intentions even if his announcement was what everyone else had been stating as fact for months.

With the prospect of a serious third party candidate, Alabama's ex-Gov. George Wallace, Republicans again will be pinning down prospect such as Romney so the troops can be brought in line for the '68 battle.

**ACTION COMING**  
Democrats announced their legislative program two years ago when they took majority control. The proposals were unveiled just days before Republican Governor George Romney made his program known to the legislature.

The two programs were very similar, both in general and specific terms. That they would be similar was known to the Democrats. Their early introduction was aimed at being able to take credit for accomplishing "their program."

This year the Democrats lost the majority, but one of the few remaining office-holders from the Party has again jumped the gun on the Governor.

Not quite now, but with a few fresh proposals, the traffic safety program announced by Secretary of State James M. Hare contains many of the ideas pushed unsuccessfully in previous years by himself, the Governor, the State Safety Commission and several other agencies.

Implied consent legislation in drunk driving cases, state-sponsored annual vehicle inspection, more leeway in applying the point system in certain cases, periodic physical examinations for drivers, and generally stricter enforcement of laws against delinquent drivers were among the priorities on Hare's list.

Since there has been an implied threat against Michigan's federal highway funds if some substantial traffic safety legislation is not enacted, many of the segments of Hare's legislative program are sure to be included in Gov. Romney's "State of the State" address to the legislature two months hence.

**NOBODY LOSES**  
Surprise was expressed by some political observers that the 18-year old vote referendum did not fare

better with Michigan voters than it did.

After all, they noted, the Republican Governor was behind it, as were many leaders of the Democratic Party. And it sailed through both houses of the legislature with almost no opposition on its way to the ballot box.

The key to defeat seemed to lie in two factors. Lowering the voting age by three years would be a rather radical move and Michigan voters, in the main, tend to be conservative in change.

A second factor, well known to the politicians who had to vote on it before it could be considered by the people, was that history tended to foreclose passage. Never in history has the franchise been granted to any group on the first request.

Why the overwhelming support from political leaders? It could do no harm to support a proposal they were quite sure would lose, but failure to endorse it could prove fatal if by some quirk it had passed.

## Attend The Church Of Your Choice

THE CHURCH FOR ALL  
ALL FOR THE CHURCH

The Church is the greatest factor in the building of character. It is a storehouse of spiritual values. Without a church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his family. (3) For the sake of the community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly, and read your Bible daily.

Little  
Man

He stands alone, looking almost too small for the burden of those books. You watch him, and you wonder what he is thinking. But you know that if you were to ask him, he'd only look up with a little shrug and say — "Oh, nothing."

"Nothing" is so often a child's answer to the deeper questions. Perhaps a child knows instinctively that he can't hope to put into clear words all the puzzle, the confusion, the joy, sorrow, and wonder that comes with growing up. And "nothing" can become — to you — the most frustrating word in the world.

What can you do about it? You can love him, and you can help him in every way you know. You can be sure that he is given a chance to go to church with you, and to Church School. Here he will find some of the best answers of all to that long list of questions that will become longer, still, as time goes by.
